

AI-Enabled Training, Coaching & Performance

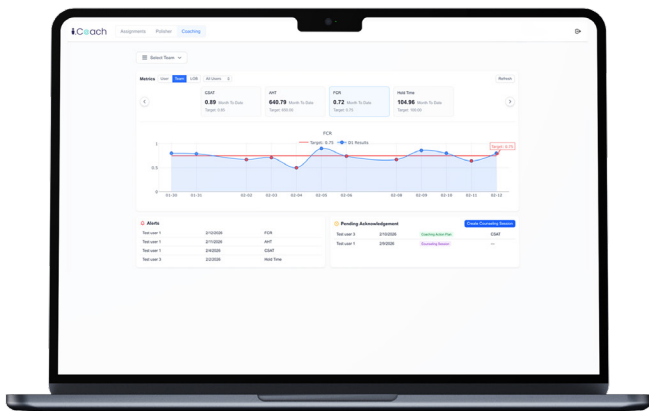

Embedded Directly into Iterum Contact Center Services

Traditional Contact Center

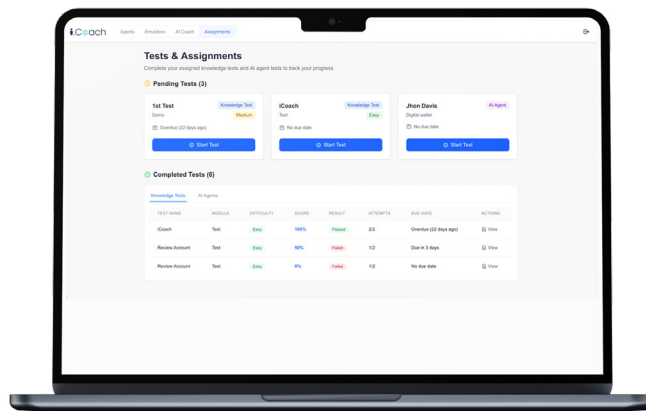

- High hold times and cost-per-call
- Long training ramp-up times for complex programs
- Inconsistent training and fragmented knowledge
- Supervisors overwhelmed by data but short on insight
- Performance varies during peak seasons
- Chronic agent turnover
- Sagging customer satisfaction

i.C@ach-Enabled Contact Center

- Reduced hold times and cost-per-call
- Rapid agent proficiency
- Improved service
- Ability to manage seasonal surges without adding staff
- Dashboards and reports provide insight
- Talent retention boost
- Improved customer experience and CSAT

The supervisor's dashboard displays key performance metrics and coaching in progress.

The assignments screen displays the status of assigned training and learning modules.

What is i.C@ach?

Iterum Coach is Iterum Connection's **AI-powered training and performance enablement solution** embedded directly into outsourced contact center services with modules for:

- **AI-Powered Training Role-Play:** agents learn by practicing real scenarios with an AI Agent acting as a brand customer, providing realistic and dynamic practice scenarios
- **Assessments & Continuous Validation:** knowledge checks ensure policies, procedures and updates are understood and retained
- **AI-Assisted Coaching:** performance trends trigger targeted recommendations for agents and supervisors—before issues escalate
- **Knowledge & Workflow Support:** agents access the right documents, policies and workflows in real-time
- **Performance Visibility:** agents and leaders see progress, proficiency gaps, and improvement opportunities through intuitive dashboards
